

REMARKS

Applicant requests that claim 20 be canceled and claims 5 and 7 be amended, to place the application in better condition for appeal. Claims 5-7 and 16-19 remain. The amendment to claim 5 deletes "on the order of" and the phrase regarding viewing the dimple, which were objected to. The amendment to claim 7 is made to overcome the objection that "radial depth" is not clear, and the amendment is supported in the specification at page 7, lines 15-18.

Entrance of the amendment to place the application in better condition for appeal is courteously requested.

Respectfully submitted,
